

# Show & Tell

July, 2026

## Claire Bryant

My bow's pattern is *The Big Giant Reversible Quilted Bow* by LindseyGraceCreates, and it was made to hang on my front door. Since it's reversible, one side is Christmas-themed, while the other side is a purple, pink, and green mix to be displayed the rest of the year. The bow's dimensions are 19" wide and 25" tall. It was made using all thrifted fabric, and my plan for the future is to continue to thrift seasonal-themed fabrics to make one for every holiday/season.

## Yolanda Halferty

Frida Kahlo has always been a favorite artist of mine. I took a class in collage by Marina Landi from Spain. This was a collage pattern that continues to help me understand color placement and sewing detail, to emphasize the portrait. Measures 23" x 35", cotton fabrics.

## Jackie Morrical

Got this top finished that was started back in 2012!  
Pattern is Holly and Mistletoe (variation) and measures  
72 inches square. Beautifully quilted by  
[Blooming Acres Sewing Studio](#). Happy to get  
unfinished projects done!

## Meredith Sewell

This was created for my nephew's July wedding in Oshkosh Wisconsin. It is the third quilt I've created using these 4 large stars, each with colors to suit the recipient. This is my draft and is hand quilted.

80" x 80"

A quilt with a geometric star pattern is displayed, hanging from a black rod. The quilt features a central square panel in a light grey color, surrounded by a border of pink and grey triangles. The outermost border consists of larger grey squares. The quilt is made of fabric with a subtle texture and is held up by black clips. The background is a wooden wall.

## Glenda Skallerude

For this quilt I used some very old fabrics from my stash as well as some new purchases. The pattern is Stardust which was a free pattern on the Fat Quarter Shop website. It measures 54" square and I quilted it with a 3" grid.

## Glenda Skallerude

I made this table runner from a charm pack called Flight. The charm is split off-center and an accent strip was added. I used red for some of the charms that were a dark navy and blue for the rest. I quilted it quite densely with a serpentine stitch.
